

# Make & Take Signs 2020 INSTRUCTIONS

## SUPPLIES FROM LE

- (1) M&T Board
- (1) Vinyl
- (1) 1 oz. Paint
- (1) Foam Brush

## SUPPLIES FROM HOME

- (1) Scraper Card  
*(credit card, giftcard, etc)*
- (1) Scissors
- (1) Painter's Tape

**Step 1:** Paint the board with your chosen paint color. Paint the sides and then the front. Paint two coats.

**Step 2:** Once your paint is dry, line up your vinyl with the board to make sure it is centered. Apply a small piece of painter's tape to tape the center of the vinyl to secure it on the board.

**Step 3:** On one side of the tape (left or right) peel the backing off of the vinyl (on only that side). Cut the backing off and apply your vinyl to the surface. Use the scraper card to ensure the vinyl is adhered well to the surface.

**Step 4:** Pull up the painters tape and pull the rest of the backing off the other side of the vinyl. Apply your vinyl to the surface. Use the scraper card to ensure the vinyl is adhered well to the surface. Peel back the transfer tape from the entire design. If vinyl isn't sticking, go over it with the scraper card again.
