## Craft Club Box Project Instructions

Believe it or not, it's the most wonderful time of the year! Countdown to Christmas with this unique, fun & festive Christmas countdown! We have included mini candy canes to complete this fun design, but also understand that candy canes are fragile and may not arrive in one piece. But we can promise one thing... it will still taste like a candy cane! Start a new tradition with your family by hanging candy canes or little gifts every year as you enjoy the exciting countdown in December.

## Christmas Countdown

1. Paint your entire board, starting with the outside edges first. Paint as many coats as you would like until you reach your desired look.
2. If you like a distressed look, consider sanding the edges and even front of your board after your paint has dried.
3. Use a dry cloth or paper towel to get off all the paint flecks after sanding.
4. Apply your vinyl. We started with the "Countdown to Christmas" black piece first. Then we laid the green leaves, followed by the red berries. There is really no right or wrong way- make this uniquely yours! (Hint! Make sure that you leave room under the numbers to lay a clothespin. Lay your vinyl more at the top half of the board.)
5. Do you want to hang your sign on the wall? We have included a sawtooth hook that you can hammer into the back of your sign, if you would like to hang it. We suggest doing this before attaching the clothespins.
6. The clothespins that were sent to you are a neutral color. We think they look great on the sign just as they are, but you could also consider painting them if you wanted to add a little something extra to your project. This is the step that you would do the painting, should you choose to do so.
7. Center the clothespins under each number.
8. Paint the wood glue onto the back of each clothespin, and then secure them to your board.
9. The wood glue typically dries pretty quickly, but for best results, we suggest leaving the clothespins to dry for at least 12 hours before adding the candy canes.
10. Add the candy canes once the glue has dried- and let the Christmas countdown begin!

### BOX CONTENTS:

8x24 Wood Board  
Sawtooth Hook

1 oz. White Paint  
Countdown vinyl

25 Clothespins  
25 Candy Canes

\*Tool kit included if you are a new subscriber - we are excited to have you!
