Personal Sales Volume
Your personal sales volume is the dollar amount that you will need to spend with LE on products for your Customers. PSV is calculated by the amount you spend on your orders, not based on the Retail Amounts.

Team Engaged
When you bring a friend, or many friends to your Team, you start to grow in the LE Compensation Plan. Direct Team members are those who you have directly sponsored. Group Team Members are those who are in your Top 3 levels. For a Team Member to be Engaged, they need to have \$200 PSV in the month.

Group Sales
Group Sales are the PSV Sales from the first 3 levels of your Team.

Product Discount
As an Active Creator with LE (\$200/3months), you automatically receive a discount of 30-45% on Products that you sell. This money stays in your pocket and is not given through a Commission Check from LE.

Generational Bonuses

When you grow your Team, you grow your income. Earn \$ on each Team Member in your organization and their PSV Sales.

BUSINESS BUILDER BONUS

Let us partner with you to continue your growth!

When you make your way up the Compensation Plan, we want to help you support your Business. Earn rewards based on your Personal Sales Volume to use for items like Catalogs, Business Tools, and more! Use these items to generate more sales and attract new Team Members to your LE Family.
