Craft Club Box Project Instructions

These reversible blocks are the perfect addition to your summer décor! It's been a long winter, and if you're like us, you're doing a happy dance that summer is right around the corner!

REVERSIBLE *summer* BLOCK SET

1. Start by painting your blocks. Start with the sides, and then work your way to the front until you have evenly covered your blocks. Save paint by only painting the outer edges of the face of your block. No need to cover the entire thing. Allow to dry.
2. If you desire a more distressed look, sand the edges of your blocks.
3. Apply poly to your blocks.
4. Once your blocks have completely dried, lay your vinyl. Remove the backing paper, center the design to your liking, and then firmly rub it onto the surface using your scraper card. Remove the transfer tape slowly, checking to make sure the design is staying in place on the blocks.
5. Enjoy this adorable addition to your summer decor!

BOX CONTENTS: Blocks, Printed Vinyl, 1 oz. White Paint, Poly

*Tool kit included if you are a new subscriber - we are excited to have you!
