March

Craft Club Box Project Instructions

Happy March! Spring is on the way! We are so excited to get this unique box in your hands, because we know you are going to love it! This is a multi-part project, and will likely have you creating something that you probably never have before- a nest! Build your nest and paint your eggs, and then put together the adorable pedestal tray to display your masterpiece. Additionally, we are sending you some removable bird wall decals that will surely make it feel like Spring inside your home. These will stick to any smooth surface and can easily be removed when you are finished. We hope you enjoy this project as much as we do, think Spring!

We would love your help! We will be posting our March Craft Club Box on our corporate Facebook page (Life Expressions Decor) on March 5th, and we want you to post pictures of your finished projects. Post pictures of you creating these items, or when they are finished and displayed in your home. Anyone that submits photos by March 31 will be entered to win a "thank you" gift from us!

Spring Round Nest Stand

1. Add raffia to a bowl of water. Let soak for 1+ hour(s). We let it soak for 1.5 hours. The longer it soaks, the darker and stronger the raffia will be.
2. Drain water from bowl and add your LE Sealer to your raffia. Mix the raffia with the sealer so it coats evenly.
3. Move raffia to a dry bowl. Work the raffia with your hands to shape your nest.
4. Once you've shaped your nest, set aside to dry. DO NOT REMOVE until it is completely dry to the touch. (You can use a hair dryer to speed up this process)
5. Paint the round and stand with your White paint, brushing in even strokes. Set aside to dry.
6. While your round and stand are drying, paint your eggs. Create a speckled look by flicking your white paint on them once your base color has dried.
7. Once your round has completely dried, lay your vinyl. Remove the backing paper, center the design to your liking, and then firmly rub it onto the surface using your scraper card. Remove the transfer tape slowly, checking to make sure the design is staying in place on the board.
8. Find the center of your board. Add wood glue to the top of your stand and adhere it to the center point on the bottom of your board. Allow to dry.
9. Place your eggs in the nest and add to your round. Enjoy this adorable craft for the Spring season!

BOX CONTENTS:
