Craft Club Box Project Instructions

Have some fun with this DIY Tic Tac Toe! This classic game is loved by all ages, but this one is especially fun because you get to make it! We've sent neutral paint colors in your kit but can't wait to see what you do to make this game your very own. After you enjoy hours of challenging your friends and family, pack the pieces in the bag and hit the road. It's the perfect take-along boredom buster for children and adults alike.

In addition to your Tic Tac Toe game, we've sent some removable wall decals for the upcoming Valentine's Day & St. Patrick's Day holidays. These will stick to any smooth surface and can easily be removed when the holiday is over.

We would love your help! We will be posting our February Craft Club Box on our corporate Facebook page (Life Expressions Décor) on February 7th, and we want you to post pictures of your finished projects! Make your game, decorate your walls with the removable decals, and post the pictures on our page! Anyone that submits photos by February 28 will be entered to win a "thank you" gift from us!

TIC TAC TOE

1. Preheat iron on cotton setting (250-300 degrees)
2. Iron your cinch bag to remove wrinkles
3. Determine where you would like your vinyl on your bag
4. Peel the transfer film off of the design, and lay your vinyl on the bag
5. Iron over the vinyl for 45 to 60 seconds. Let it cool completely before lifting the clear transfer film
6. If your vinyl is not fully secured, place the film over the design for an additional minute. Cool completely
7. SLOWLY remove the transfer film, ensuring that the vinyl is fully adhered to the fabric
8. Paint your X's and O's starting with the edges first. Let dry completely and paint a second coat.

Removable Vinyl

Valentine's and St. Patrick's Day are right around the corner! We've included, in this box, a sheet of peel & stick graphics you can add to your decor! These graphics are easily removable from any smooth surface- so they make the perfect addition to your holiday display! Simply peel them off the sheet and stick them to the wall (or door, window, cupboard, etc). When you're ready to take them down, gently peel them back off. If you're careful enough you may even be able to get a second (or third) use out of them next year! (Keep the sheet that they came on so you can place them back on there).

BOX CONTENTS:

(5) X & (5) O MDF Cutouts
2 oz. White Paint
2 oz. Black Paint

Natural Cinch Bag
Iron Vinyl for bag
11x11 Printed Removable vinyl

*Tool kit included if you are a new subscriber - we are excited to have you!
