Craft Club Box Project Instructions

Christmas is a time of joy. A time for love and cheer, a time for making memories to last throughout the year.

So take time to have some fun together this Christmas, and savor the feeling you kindle when you do. There are so many ways to bring extra joy into your holiday. Sing, laugh, exchange gifts, gather with your family, enjoy your favorite holiday meal or treat, play games, or take a ride through the Christmas lights.

And let's not forget that the word joy is inseparably connected to Christmas and to the biblical account of the birth of Jesus Christ. The angel brought "good tidings of great joy" to the shepherds (Luke 2:10). The wise men, when they saw the star, "rejoiced with exceeding great joy" (Matthew 2:10).

Merry Christmas from our families to yours!

JOY WREATH PANEL BOARD

1. Start by painting your panel board. We used the baby wipe technique to achieve a stained look. If you would like to mimic this look, dip a baby wipe (or a rag) lightly in water and then in your paint. "Paint" your board with the baby wipe until you've covered the board to your liking. Set it aside and let dry.
2. Paint your J and Y cutouts with your Antique White paint. Use your paint brush for these starting with the edges, using even brush strokes. Allow to dry and then apply a second coat.
3. Secure the rope to the back of your board with a staple gun.
4. Arrange your letters and small wreath where you would like them on your panel board. Hammer your small nail into your board for the wreath. Using wood glue, secure your letters to the front of your board.

We would love your help! We will be posting our November Craft Club Box on our corporate Facebook page (Life Expressions Decor) on November 5th, and we want you to post pictures of your finished projects. Post pictures of you creating these items, or when they are finished and displayed in your home. Anyone that submits photos by November 30 will be entered to win a "thank you" gift from us!
